RE: Physician's and Surgeon's Certificate No. A123791
Case No. 8002017036830

Public Letter of Reprimand

An investigation by the Medical Board of California revealed that on July 3, 2017, the Illinois Department of Financial and Professional Regulation issued a Consent Order granting you a medical license with a reprimand based on conduct during your residency and fellowship in 2012-13. As Chief Resident during that time, you arranged for coverage by another resident without clearing this with your program director. During your fellowship in 2013, although you obtained the written consent of patients whom you treated, you posted before and after photographs of them without advising your supervising physician. Based on the action taken by Illinois, Nevada issued a reprimand on June 4, 2018.

Based on the out-of-state actions described above, you are hereby issued this Public Letter of Reprimand by the Medical Board of California, pursuant to Business and Professions Code sections 141, grounds for disciplinary action by state licensing board.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.
